THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 30 JUNE 2018

The directors present their report on the affairs of The Watford Association Football Club Limited ("the Company" or "the Club"), together with the financial statements for the year ended 30 June 2018.

Background

As at the year end, the Club's Board consists of three directors (as detailed in the Company information section on the first page), being the executive chairman and two independent non-executive directors.

The executive chairman has responsibility, in close liaison with other directors, for the day to day running and long term operation and running of the Club and refers to the Board in regard to significant decisions affecting all aspects of the Club.

Business Review

The Club had previously retained its position in the Premier League for the 17/18 season and had another successful season in the League.

The Club finished in 14th position in the 2017/2018 Premier League season, recording 41 points from eleven wins and eight draws.

Principal Risks and Uncertainties

There are a number of potential risks and uncertainties which could have a material impact on the Company's long term performance. These risks and uncertainties are monitored by the Board on a regular basis.

Income

The Club derives its income from three principal sources: gate receipts, television and commercial relationships. All three sources of income are dependent on the performance of the first team and its appeal to football supporters. The performance of the first team is significantly influenced by the quality of the coaching staff and the players that the Club can attract in a highly competitive market on both domestic and European levels.

Expenditure

In order to attract talent, which will continue to improve the performances of the first team, the Club continually invests in the playing staff by way of both transfers and wages.

Regulatory environment

The Club is regulated by the rules of the FA, EPL, UEFA and FIFA. These regulations have a direct impact on the Club as they cover areas such as the division of centrally negotiated television deals and the operation of the transfer market. The Club has staff whose roles include ensuring that the Club monitors the evolution of the rules and ensures compliance with them.

Funding

Funds are provided by the Club's parent Company Hornets Investment Limited. The Club reviews and updates its cash forecasts on a regular basis and keeps the owners aware of financial commitments going forwards.

The Board has considered the risks and uncertainties that face the business which are principally related to the costs and revenues involved in maintaining a playing squad and trading in players, and of maintaining its league status. It has also considered the financing requirements of the business that may result and these are referred to in note 1.2.

Corporation tax

In April 2017 the government made a change to the corporation tax legislation. This change restricts the amount of previously accumulated corporation tax losses that a Company can utilise against its taxable profits in any one period. For the Club this means that corporation tax will be due in earlier periods than if the change in legislation had not taken place.

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2018

Development and Performance

The Club's owners continue to be committed to new investment into the business in respect of playing staff and updating the facilities at the Stadium and the Club's Training Ground at London Colney. This strategy continues to be evident at the Vicarage Road Stadium with ongoing works relating to accessible stadium requirements and a new hospitality reception and lounge on the West side of the stadium. The Club continue to review options for further development of the stadium in order to increase capacities in both hospitality and general seating areas. Works to improve the Club's Training Ground at London Colney are also ongoing and the new thirty year lease signed is reflective of the intent to further improve facilities and ensure the Club is equipped with state of the art training facilities. The Club also continues to invest in its playing squad, in order to sustain performance and improve on its 14th position finish in the Premier League during 2017/2018.

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2018

Financial Review

The loss for the year before taxation was £31,614,544 compared to a profit of £4,027,590 for the prior year. Increase in salary costs, increase in amortisation of players and decrease in profit on disposal of players were the principal reasons for this reduction.

Total turnover increased by £4,316,111 from £123,906,784 to £128,222,895. This was mainly due to an increase in Media & Broadcasting revenue because of increased centralised distributions from the Premier League of £3,611,929 and increase in sponsorship income from the Club's main sponsor, FX Pro. Revenues generated on match days have increased by £376,311.

Salary costs, have increased from £76,014,960 to £85,809,117, with players' salaries increasing by £7,741,216.

Other operating expenses have increased from £29,978,382 to £30,376,093 mainly due to an increase in legal and professional fees in the year.

The football Club made a profit of £2,901,431 (2017: £22,353,656) principally due to the sales of Behrami, Berghuis, Suarez and Agbo.

Intangible assets have increased from £91,830,843 to £123,518,694 due to player acquisitions during the year.

As in previous years, the financial performance of the Club is reflective of its progression in the Premier League - turnover continues to grow steadily, as do the running costs associated with running a successful business within the Premier League.

Retention of the Premier League status for the 18/19 season maintains the Club's positive outlook. The shareholders are committed to invest in the Club to enhance its value and performance on and off the pitch, and will keep investing in upgrades for both the stadium and the training ground, along with strengthening the squad in an effort to increase commercial revenues and diversify the revenue streams.

THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2018

The directors present their annual report and financial statements for the year ended 30 June 2018.

Principal activities

The principal activity of the Company continues to be that of a Premier League football club.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

S I Duxbury
D B Fransen
S R Timperley

Results and dividends

The results for the year are set out on page 8.

The Company recorded a loss before taxation of £31,614,543 (2017 - profit of £4,027,590).

The results for the year, together with a review of the Company's business performance for the year, its future prospects and its approach to financial risk management, are considered in the Strategic Report.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors' insurance

The Company has in place Directors' and Officers' Liability Insurance with a third party.

Disabled persons

Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment within the Company continues and that the appropriate training is arranged. It is the policy of the Company that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

Employee involvement

Within the bounds of commercial confidentiality, the Company endeavours to keep staff at all levels informed of matters that affect the progress of the Company and are of interest to them as employees.

The Company operates an equal opportunities policy. The aim of the policy is to ensure that there should be equal opportunity for all and this applies to external recruitment, internal appointments, terms of employment, conditions of service and opportunity for training and promotion regardless of gender, ethnic origin or disability. Disabled persons are given full and fair consideration for all types of vacancy in as much as the opportunities available are constrained by the practical limitations of their disability. Should for whatever reason, an employee of the Company become disabled whilst in employment, every step, where appropriate, will be taken to assist with rehabilitation and suitable retraining.

The Company maintains its own health, safety and environmental policies covering all aspects of its operations. Regular meetings and inspections take place to ensure all legal requirements are adhered to and that the Company is responsive to the needs of its employees and the environment.

Post reporting date events

Details of the post balance sheet events are set out in note 28 to the financial statements.

Auditor

In accordance with the Company's articles, a resolution proposing that Myers Clark be reappointed as auditor of the Company will be put at a General Meeting.

THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2018

Statement of directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the Company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the Company's auditor is aware of that information.

Going concern

The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Therefore they have continued to adopt the going concern basis in preparing the financial statements. Further details regarding the going concern basis can be found in the accounting policies in note 1 to the financial statements.

THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

Opinion

We have audited the financial statements of The Watford Association Football Club Limited (the 'Company') for the year ended 30 June 2018 which comprise the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 June 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report and the directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2018

1 Accounting policies

Company information

The Watford Association Football Club Limited is a private company limited by shares incorporated in England and Wales. The registered office is Vicarage Road Stadium, Watford, Herts, WD18 0ER.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the Company. Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

The Watford Association Football Club Limited is a wholly owned subsidiary of Hornets Investment Limited. The result of the Club are included in the consolidated accounts of Hornets Investment Limited which are available at 15-17 Grosvenor Gardens, London, SW1W 0BD.

1.2 Going concern

The Company has a loss before tax for the year of £31,614,543 (2017 - profit of £4,027,590) and had net liabilities at 30 June 2018 of £27,867,016 (2017 - net assets of £2,859,090).

Following retention of Premier League status, the Company's income over the next twelve months, along with the continued support of the parent company, is sufficient to provide the necessary working capital for the Company and therefore it is appropriate to continue to adopt the going concern basis in preparing the financial statements.

The Company's bankers have indicated that, so long as the Company continues to operate within its financial plan, regular renewal of the £5,000,000 (2017 - £5,000,000) overdraft facility will be available.

The parent company has confirmed that they will not seek repayment of the balance outstanding to them of £83,409,524 (2017 - £45,476,584) if to do so would jeopardise the Club's ability to continue as a going concern. The Club's owner is committed to new investment into the business in respect of playing staff and in order to update the facilities at the Stadium and the ultimate beneficial owner has entered into a financial commitment to financially support the Company for the next 12 months.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2018

1 Accounting policies

(Continued)

1.3 Turnover

Turnover represents income arising from sales to third parties and excludes transfer fees receivable (which are dealt with in the profit on disposal of players' registrations) and value added tax. Included in turnover are match day receipts and other match day income.

Season ticket and corporate hospitality income is recognised over the period of the football season as home matches are played.

Fixed elements of English Premier League central broadcasting contracts are recognised over the period of the football season as league matches (home and away) are played.

Sponsorship contracts are recognised over the duration of the contract, either on a straight-line basis, or over the period of the football season, as appropriate, based on the terms of the contract.

Deferred revenue

Deferred revenue arises principally from the advance sale of season tickets, executive boxes and players' loan fees and is recognised as income in the period to which it relates.

1.4 Intangible fixed assets - goodwill

Goodwill arising from the acquisition of Watford Catering Limited (which was dissolved on 22nd March 2011) is capitalised as an intangible fixed asset and is amortised on a straight line basis over the economic life, estimated at 10 years.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2018

1 Accounting policies

(Continued)

1.5 Intangible fixed assets other than goodwill

Acquired players' registrations

The costs associated with the acquisition of players' registrations are initially recorded at the date of acquisition as intangible fixed assets. Part of the acquisition cost may be dependent upon the number of appearances and the directors exercise their judgement on the probability of the deferred consideration becoming payable and capitalising that cost as an intangible asset. These costs are fully amortised over the period of the relevant player's contract.

Intangible assets are tested for impairment at each balance sheet date. An impairment loss is recognised for the amount by which the assets carrying value exceeds its recoverable amount. The directors' valuation of a player's registration is arrived at by reference to market conditions and comparative data of recent transactions. Impairment losses are recognised in the profit and loss account.

Amortisation is charged to the profit and loss account on a straight-line basis over the length of each player's contract.

Software and website development costs

Software and website development costs (not research costs) are recognised as internally generated intangibles when the following can be demonstrated:

- a) the technical feasibility of completing the intangible asset so that it will be available for use or sale.
- b) its intention to complete the intangible asset and use or sell it.
- c) its ability to use or sell the intangible asset.
- d) how the intangible asset will generate probable future economic benefits.
- e) the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset.
- f) its ability to measure reliably the expenditure attributable to the intangible asset during its development.

Amortisation is charged to the profit and loss account on a straight line basis over 10 years.

Pouring rights

Payments made to release the Company from exclusive supply provisions relating to alcoholic beverages have been recognised under the description of "Pouring rights". Pouring rights are capitalised as an intangible fixed asset and were amortised on a straight line basis over the economic life, estimated at 10 years. The Company's supply agreement was renegotiated in a prior year. As a result the asset was fully written down in that year's financial statements.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses. Assets under construction are not depreciated until they are brought into use.

Capital grants and contributions to capital expenditure are credited to deferred income and released to the profit and loss account over the expected useful life of the assets to which they relate.

1 Accounting policies

(Continued)

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land and buildings	over 25 years and 10 years
Leasehold improvements	over the shorter of the unexpired term of lease and 20 years
Plant and equipment	25% on reducing balance
Motor vehicles	25% on reducing balance

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

1.7 Impairment of fixed assets

At each reporting period end date, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.8 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost includes purchase price less discounts where applicable. Stock is valued on a FIFO basis. Net realisable value is based on estimated selling price. Provision is made for obsolete or slow moving stocks.

1.9 Cash at bank and in hand

Cash at bank and in hand are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.10 Financial instruments

The Company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the Company's balance sheet when the Company becomes party to the contractual provisions of the instrument.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

(Continued)

Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the Company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

If an arrangement constitutes a financing transaction, the financial liability is measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument.

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

(Continued)

Other financial liabilities

Derivatives, including interest rate swaps and forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or finance income as appropriate, unless hedge accounting is applied and the hedge is a cash flow hedge.

Debt instruments that do not meet the conditions in FRS 102 paragraph 11.9 are subsequently measured at fair value through profit or loss. Debt instruments may be designated as being measured at fair value through profit or loss to eliminate or reduce an accounting mismatch or if the instruments are measured and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Derecognition of financial liabilities

Financial liabilities are derecognised when the Company's contractual obligations expire or are discharged or cancelled.

1.11 Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the Company.

1.12 Derivatives

The Company enters into foreign exchange contracts in order to manage its exposure to foreign exchange risk.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting end date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

A derivative with a positive fair value is recognised as a financial asset, whereas a derivative with a negative fair value is recognised as a financial liability.

1.13 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

THE WATFORD ASSOCIATION FOOTBALL CLUB LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 JUNE 2018

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the Company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.14 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received. Termination benefits are recognised immediately as an expense when the Company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

Signing on fees

Signing on fees are charged to the profit and loss account on a straight line basis over the period of the player's contract.

1.15 Retirement benefits

The Company contributes to The Football League Limited Pension and Life Assurance Scheme for certain employees and also contributes to players' own pension plans, the assets of which are held separately from those of the Company in independently administered funds. Contributions payable are charged to the profit and loss account over the period to which they relate.

In addition the Company is making contributions in respect of its share of the deficit of the defined benefit section of The Football League Limited Pension and Life Assurance Scheme (the "Scheme"). A provision has been established for the Company's share of the deficit which exists in this section of the Scheme and this additional contribution is being charged to the profit and loss account over the remaining service life of those employees who are members of the Scheme.

Under the provisions of FRS 102 Section 28 the Scheme would be treated as a defined benefit multi-employer scheme. The Scheme's actuary has advised that the participating employer's share of the underlying assets and liabilities cannot be identified on a reasonable and consistent basis. Therefore in accordance with FRS 102 Section 28 the Scheme has been accounted for as if it were a defined contribution plan.

1.16 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to income on a straight line basis over the term of the relevant lease.

Lease incentives are recognised in the profit and loss account on a straight-line basis over the term of the lease.

1.17 Grants

Capital grants are recognised at the fair value of the asset received when there is reasonable assurance that the grant conditions will be met and grants will be received.

Grants relating to an asset are recognised in income systematically over the asset's expected useful life. If part of such a grant is deferred it is recognised as deferred income rather than being deducted from the asset's carrying amount.

1.18 Foreign exchange

The Company's accounting records are maintained in Pounds sterling. Monetary assets and liabilities denominated in foreign currencies are translated into Pounds sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of transaction. All differences are taken to the profit and loss account.

2 Judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Key sources of estimation uncertainty

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows.

Current and deferred taxation

The complex nature of the tax legislation under which the Company operates necessitates the use of estimates and assumptions in assessing the tax amounts provided in the financial statements. Actual tax payable may differ from the amounts provided.

Accordingly, the net book amount of player registrations will not reflect, nor is it intended to reflect, the current market value of these players nor does it take any account of players developed through the Club's youth system.

The directors consider the value of intangible assets to be significantly greater than their book value.

The amortisation of players' registration costs is included within cost of sales in the profit and loss account.

There is impairment of £3,512,201 (2017 - £2,759,108), included within the amortisation charge for the year.
